NATIONAL HONOR SOCIETY INDUCTION CEREMONY

The National Honor Society Induction Ceremony is one of the most memorable and impressive events of the school year. Students must have an average of B or better to be eligible for membership. The faculty then rates these students on the basis of character, leadership, and service. The members of National Honor Society are recognized not only by their NHS emblems, but even more by their continual demonstration of the qualities for which they are selected.

Education is a companion which no misfortune can decrease, no crime destroy, no enemy alienate, no despotism enslave; at home a friend, abroad an introduction; in solitude a solace; in society an ornament. It chastens vice, guides virtue, and gives grace and government to genius. Education may cost financial sacrifice and mental pain, but in both money and life values it will repay every cost one hundred-fold. These ideas expressed years ago by an unknown author are more apparent today than anytime in the past. Millions of people have talents they never develop and abilities that are never put to use. The aim of the Little Miami High School is to challenge students to get out of the mass of "just average", into the area of "excellence."

Please accept my sincere congratulations on the successful completion of twelve years of work. Consider this a milestone in your life, and not the end of study or work. The day is long gone, when a high school diploma is sufficient background for competition in today's complex society. Every advantage possible has been given to this class. To prepare the college-bound student more effectively, advancement placement was incorporated into our curriculum; for the vocational student, diversified cooperative training with on-the-job experience was established. Key punch was added to the already excellent Business and Office Education Program. Job placement was again very successful for the BOE graduates, for many students were employed before graduation.

A very worthwhile student exchange program became a reality this year, with several students from different countries attending Little Miami High School.

Two members of your class were honored by being permitted to attend a "Presidential Classroom for Young Americans" in the Nation's Capitol. Many of your classmates have received honors, recognitions, financial aid, grants in athletics, academic scholarships, and many other worthwhile awards. More members of this class will attend college, trade or technical schools than members of any other class.

To do all of the above, many people have been involved in helping the student to become a well-rounded individual. Many teachers have given extensive assistance in preparing a student more completely for the time when he will leave Little Miami High School. It has always been utmost in our minds to form excellent graduates and citizens. You are now Alumni of Little Miami High School, and above all, citizens of some community. The best repayment you can make to your school is to become good, worthwhile and productive citizens.

It has been a meaningful and worthwhile experience being your principal for the past four years. Good luck in all your future endeavors.

The Student Council began the year by buying a display case and opening a school store, which offered for sale everything from paper to bumper stickers. The Student Council also sponsored both the football homecoming dance and the Christmas dance. Other things accomplished were the reading of minutes in home-rooms, the revision of the student handbook, the founding of an interclub council, the sale of football and basketball programs, the installation of a reply board to the suggestion box, and, of course, election week with the election of the student government for the coming year. Other things being planned as this goes to press are a big open dance, a dating game, and the complete revision of the Student Government.

Results show that Warren County needs to stand tall and be proud of the academic success on this program.

Schools were divided according to their county and also whether they were public or parochial schools.

Points were presented on the basis of 1 point for third place, 2 points for second and 3 points for first place. If a school won its first round they had an opportunity to pick up more points by advancing to the second round, and a victory there, naturally, would increase their point stand accordingly. The study was made of the TV program and schools according to their median as well as their median score.

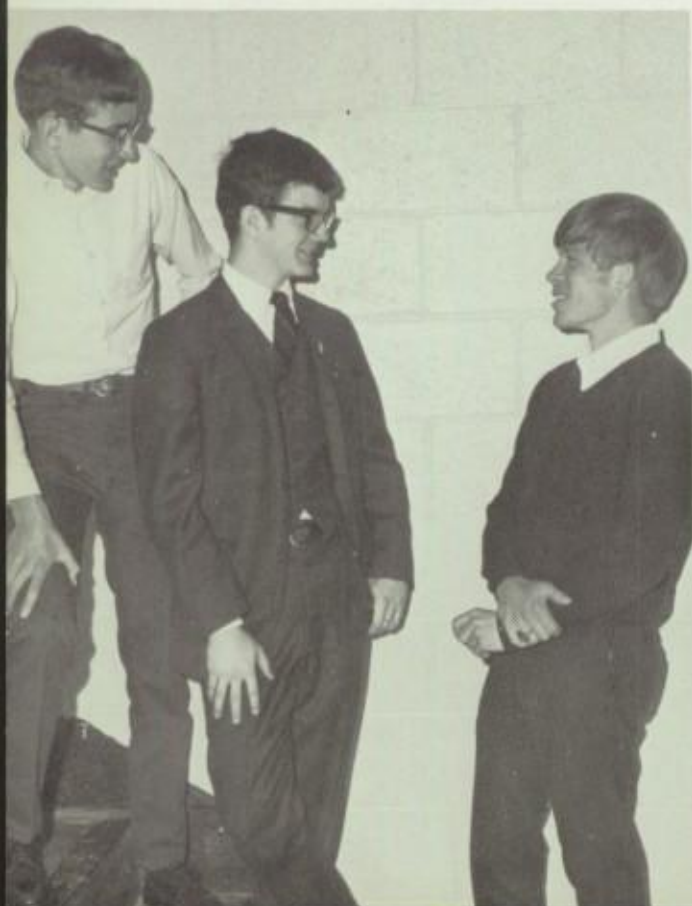

Eighty schools compete each year and over the past three years the following schools ranked highest:

SCHOOL	POINTS	ENROLLMENT
Walnut Hills, Cincinnati	22	1900
Wyoming, Hamilton County	19	680
Mariemont, Hamilton Co.	17	680
Little Miami, Warren Co.	16	850
Elder, Catholic, Boys	16	1800
Mason, Warren County	14	640
Highlands, No. Ky.	13	
Felicity, Clermont Co.	12	320
Woodward, Cincinnati	10	1900
Colerain, Hamilton Co.	10	2000
McAuley, Hamilton Co.	10	1200
Regina, Catholic, Girls	10	900
Lakota, Butler County	10	960
Kings Mills, Warren Co.	9	700
